relative clauses (who, which, that)

ЩО TAKE RELATIVE CLAUSES

Relative clauses — це підрядні речення, які *описують або уточнюють* людей, речі чи місця. Вони відповідають на питання *який? яка? яке?*

БАЗОВА СТРУКТУРА

ТИП	СТРУКТУРА	ПРИКЛАД
Для людей	noun + who / that + verb	She is the teacher who helped me.
Для речей	noun + which / that + verb	This is the phone that I lost.
Можна пропустити	noun + (that / who / which) + subject + verb	The book I'm reading is interesting.

Якщо **who / which / that** є *підметом* підрядного речення — його **не можна** пропускати.

ПРИКЛАДИ

This is the man who helped us.
Це чоловік, який нам допоміг.

I like the book that you gave me.
Мені подобається книга, яку ти дав.

She's the person who knows the answer.
Вона та людина, яка знає відповідь.

The house we bought is old.
Будинок, який ми купили, старий.

ТИПОВІ ПОМИЛКИ

- ❌ Пропускають *who / which*, коли це підмет → *The man helped us*
- ❌ *which* для людей → ✅ **who**
- ❌ Relative clause далеко від іменника → незрозуміло, що саме описується
